

PEAK is a non-profit organization run by parent volunteers who have come together to give children with differences an equal opportunity to be exposed to a wide range of activities - from sports to the arts and everything in between. Your financial support helps to maintain our existing recreation programs and to start new ones. It allows us to provide more support to our "special" kids through student volunteers as well as expose them to wonderful events they might not otherwise be able to participate in.

Thank you for your continued generosity!

Vanessa Breschard, PEAK president
